

FAMILY FRIENDLY INITIATIVE

Reference: <https://baseweb.altus.af.mil/97trs/studentweb/Family%20Friendly%20Initiative%20Info.htm>

Altus AFB is pleased to announce our new "Family Friendly Initiative," designed to make your "World Class" training experience even better! We've developed this Initiative with families in mind, because we know our airmen spend a considerable amount of time deployed and away from home. Our vision is to provide on-base lodging to as many of our accompanied students and their families as possible, so that our students can better focus on their training at Altus AFB.

Here are some highlights of our new program:

- We've identified 24 "family friendly" rooms specifically for accompanied students**
- Rollaway beds, cots, and cribs will be available to accommodate family members**
- Rooms are equipped with full-size refrigerator, two-burner stove, kitchenware for four, and separate bedroom**
